Art Unit: 1614

Claims 1-24 are presented for examination.

The amendments and remarks filed on January 6, 2005 have been received and entered.

Claims 1-8, 18, 19, 21 and 22 are rejected under 35 U.S.C. 103 as being unpatentable over The Japanese Abstract 11-5750 and Jonnase et al. for the reasons set forth on pages 2 and 3 of the office action of October 4, 2004.

Claims 9-16, 23 and 24 are rejected under 35 U.S.C. 103as being unpatentable over Crespo et al. for the reasons set forth on pages 3 and 4 of the office action of October 4, 2004.

Claims 17 and 20 are rejected under 35 U.S.C. 103 as being unpatentable over Crespo et al. (200200337297) for the reasons set forth on pages 4 and 5 of the office action of October 4, 2004.

Applicant's arguments and remarks have been carefully considered, but are not deemed to be persuasive. Applicant alleges criticality to the synergistic effect of the claimed combination. The allegation is not well taken. The presented data in the specification compares the effect of one concentrations of ketotifen in combination with one concentration of pheniramine. Such data are not commensurate in scope with the claimed language. Furthermore, such data only demonstrate the superior activity of the combination of ketotifen and pheniramine after 16 hours, which is again not commensurate with the claimed language. Applicant has presented no convincing evidence to establish the unexpected or unobvious nature of the claimed invention, and as such, claims 1-24 are properly rejected under 35 U.S.C. 103.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
